

*The true light that gives light to every man was coming into the world. – John 1:9*

Christmas isn't just about a baby in a manger, as we all know. Jesus is the lamp unto our feet, and the light unto our path. He is our guide, our light in the darkness of sin.

Christmas is often a time when we get so wrapped up in the fun, and our families, and presents, and celebrating, and we need to remember that our lives still need to be directed by God. He remains the light that guides us and gives us hope.
